## **The Last Music Room Visit**

Before you leave the music room for the last time, stop and take a look around for just a moment. These four walls have seen you at your worst and at your best. They have seen love between two people and one-sided crushes. They have seen your most joyous days and maybe melancholy ones. They have seen the person you were when you walked in for the first time and the person you are as you walk out for the last time. And when you turn back and walk the halls for the very last time, know that the walls are silently weeping. Maybe you are too, because you both realize that in order to go somewhere in life, you must have someplace known as “home.”

~Unknown
